

All About Your Pastoral Support Worker

My name is Pip and my job is to make sure all the children at Westlands First School feel safe and happy. If you ever have a worry no matter how small come and talk to me.

I have been working with children and their families at Westlands for the last 12 years, and I really enjoy my job.

I have a pet fish called Florence who you can meet as she lives in school.

My favourite colour is
turquoise
